Camp

For the next 2 days we get to experience the local island way of life, with our Islander Experience. After breakfast, we join our local guides on their boat for 2 days of exploring islands and the surrounding areas of Port Barton.

Your first stop will be making a special visit to one of four local schools, where you'll have the chance to interact with the students and see firsthand the impact of your support. We encourage guests to bring school supplies, which can either be pre-brought or purchased the day before in Puerto Princesa. Guests can also make monetary donations that will go towards things like building kitchens, canteens, and sporting equipment. If the school is on holiday or it's a weekend, we'll visit the local day care center instead.

*Please note the school visit may take place on day 4 or day 5

In the evening we get together around the fire at our very own private beach camp. Perfect! Don't worry about food either as our local guides will have everything covered with feasts of grilled fish, pork, rice, vegetables and fruit. In the evening you will sleep in tents directly on the beach in paradise.
